Best-practice Learning with Oversight and Outreach Mentoring

Fridays, 10:00 am until 12:00 PM

Clinical and Translational Science Institute (CTSI)

Meads Hall, 1st Floor, Biostatistics Consultation Room

Beginning April 6th, the CTSI's Human Research Protection Program's Oversight and Outreach Specialists will hold open consultation hours for research coordinators, research nurses, research project managers, principal investigators, and other research study team members who are seeking assistance with conducting human subject research protocols approved by the Wake Forest IRB.

No appointment is needed.

For questions, please contact an Oversight & Outreach specialist:

- Melissa Trader: mtrader@wakehealth.edu
- Beth Ragusky: mragusky@wakehealth.edu
